COVID PROTOCOL

AKTI TORONI BOUTIQUE HOTEL

Akti Toroni provides the hotel employees with skills to ensure a secure stay for guests and team members

1

Fast check-in procedures with safe distances & staff PPE.

2

Intensive staff training and disinfection before opening and during operation.

3

Everyday sanitization and change of equipment.

4

Check out at 11:00, check in after 15:00 in order to give the necessary attention for the disinfection.

5

Free Personal Protective Equipment is provided

Guest room disinfection. Use of ISO cleaning and disinfecting protocols to clean all hotel rooms. Each room is thoroughly cleaned and disinfected with certified cleaning equipment. Special attention to high contact areas.

Cleaning of common areas. High contact areas such as door handles, switches, furniture, etc. are frequently cleaned daily.

Sanitization. Hands-free sanitization stations with such as masks, gloves, and disinfectant wipes – are located at reception for guest use.

All employees of indoor serving wear masks and gloves. Gloves and masks are changed regularly, and the staff receives intensive COVID-safe training.

Buffets. All food served by staff wearing appropriate equipment. Distances will be kept in the buffet area.

Tables. Tables are disinfected after every use. Disposable table covers are used for every guest.
